

Year 3 Homework Summer 1

This term our learning topic 'The Mighty Flow' - is all about rivers, including the River Tees, metal structures, including bridges, and forces. Below are 5 different activities for you to try and complete. We would like you to complete a minimum of 4 activities before half term if you can. You may choose which order you complete the tasks in. Simply put a tick in the box for the week you have completed and date it. Don't forget to keep reading, practising your spellings and times tables as these are still a priority. Remember to bring your homework back to school once any piece is completed and make sure you have your name on it. We will celebrate excellent homework and effort by awarding prizes in our end of term celebration assembly.

Task 1

Name 6 different types of metals and an example of something that is made from this metal.

Task 2

Research and write about 3 famous metal structures. If they are over or on a famous river then tell us the name of the river and where it is.

Task 3

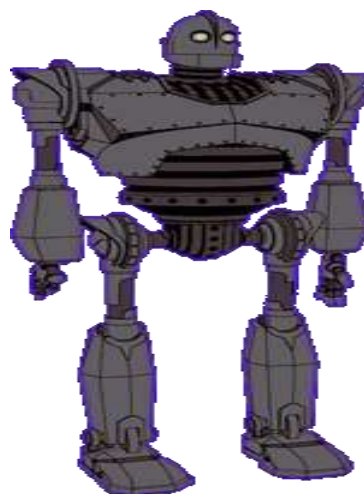

Design and draw a Riverside play park. You can use any form of materials, always remember Health and Safety.

Task 4

Talk to your Mum, Dad or Carer and ask them, if they had a Robot that could help them do one of the weekly household chores. What would it do?

Then draw or make the Robot carrying out the work.

Task 5

Here are list of 7 rivers from around the world. Can you find out which countries they are from?

The Thames
The Danube
The Nile
The Amazon
The Ganges
The Rhine
The Mississippi
