

Peasants, Princes and Pestilence.

Summer 2nd half.

Throughout this half term we will be continuing our learning project Princes, Peasants, and Pestilence. Below are six different homework activities related to our topic for you to complete. From the six, we would expect four of these tasks to be completed by the end of this half term. It is up to you which you choose and also how often you hand a piece of work in. Homework should be of the same standard we expect you to produce in school. If you need any equipment please ask. (However, you can complete more than four if you would like.) You will continue to receive your spellings, reading and times tables.
